

# MASSZYMES

Comprehensive plant-based digestive enzymes designed to enhance nutrient digestion and absorption, protect against digestive discomfort, and support healthy muscles. This formula has been recently optimized to deliver enhanced proteolytic enzyme action.

## FEATURES

- ✔ Version 4.0 is a high potency enzyme formula developed through 243 different enzyme experiments in our lab at the International Burch University
- ✔ A highly potent proteolytic formula - each serving contains a Protease level of 322,000 HUT to help break down proteins\*
- ✔ Full spectrum enzyme formula to support the breakdown of proteins, fats, starches, and sugars\*
- ✔ Pepsin-free formula ideal for vegetarians and vegans
- ✔ Vitamin D acts as a cofactor to enhance the proteolytic (protein breakdown) activity\*
- ✔ Gluten-free, vegan, soy-free formula

# MASSZYMES

Comprehensive plant-based digestive enzymes designed to enhance nutrient digestion and absorption, protect against digestive discomfort, and support healthy muscles. This formula has been recently optimized to deliver enhanced proteolytic enzyme action.

## BENEFITS

- ✓ Helps facilitate comprehensive digestion of proteins, carbohydrates and fats\*
- ✓ Unique protease blend works at various pH levels to ensure proteolytic enzyme activity at every stage of digestion\*
- ✓ Helps support balanced microbiome by addressing uncontrolled fermentation in gut\*
- ✓ Helps reduce occasional gas, bloating and indigestion\*
- ✓ Helps boost pre-workout energy and athletic performance by optimizing carbohydrate and fat metabolism\*
- ✓ Supports muscle recovery after occasional overuse\*

## THE STORY BEHIND MASSZYMES

MassZymes was originally created in 2005 after Wade and Matt experienced one of the most profound health transformations of their lives doing a high dose enzyme protocol. They decided they had to build a better version and bring it to the world because the impact was too significant not to.

They created the most powerful enzyme blend ever by combining several types of proteases (protein digesting enzymes) with 15 other enzymes. It's been a best seller ever since and is a staple supplement for tens of thousands of people around the world.

### BIOoptimizers™ MASSZYMES COMPARISON CHART

#### Why MassZymes is the Best Full Spectrum Digestive Enzymes Supplement on the Planet

Figures 1 and 2 show formula activity comparison between the MassZymes 4.0 formula and our old formula (MassZymes 3.0), along with competitor formulas with casein and whey being used as a substrate, after 30 minutes of digestion time.

\*Whey and casein were chosen because they're the golden standard for protein digestion experiments.
