THE STORY BEHIND MAGNESIUM BREAKTHROUGH

BIOptimizers founders Wade and Matt both felt burnt out from the stresses of life and business. Strength training legend, Charles Poliquin, suggested combining multiple magnesium together.

They tried it and were amazed by the results. As they always do, Wade and Matt asked, "How can we make this better?" So they tested combining various magnesium and settled on the 7 most powerful forms.

The synergy they uncovered is groundbreaking and is truly a magnesium breakthrough.
