## THE STORY BEHIND MUSHROOM BREAKTHROUGH

Matt Gallant, our co-founder, fell in love with lion's mane a decade ago as he started using it and noticed his brain function went to a new level. Fast forward a few years, Mark Effinger (one of our brilliant formulators), put together the most concentrated blend of 4 of the most effective functional mushrooms: Lion's mane, Cordyceps, Chaga and Reishi.

There was a "happy accident" as we hyper-concentrated the mushrooms, we noticed chocolate notes. So we decided to add the finest organic cacao along with collagen and katemfe fruit natural sweetener to create the best tasting functional mushroom blend ever.
